God, Creator of all on earth and sky

We're Your fallen children, hear our cries as we

Lift our voices and sing You our praise

That generations before us sang

Hallelujah to our Savior

To the God of all comfort, the God of all strength

Hallelujah we sing

*Verse 2*

To the King Eternal, God of light

Death is all around us, but You give life

When tragedy draws closer let us not falter

But hear us say

In an instant death can take us, so let the moments of our days

**Em G C**

Be spent to bring glory to the Creator of all things

*Bridge 2*
